However, the article explains that there is no proof of this disaster, besides being told that the building was decimated. There are rumors of a conspiracy to obtain a new building for the campus, but Cowles denies them all, and looks to the FBI for further proof.

**“Chauffers Balk, Students Walk”:** Due to overcrowding on city buses, students are asked to walk instead of boarding buses that are transporting sergeants and military bands. If the students do not cooperate, the bus will take an alternate route and drop them off in the cemetery, according to vice president of the Blight and Faction company Reddy Kilowatt.

circumstances left by the current powers, and that there is no time to lose. He states clearly that college men must fight now to win the war, but also begin to think now to ensure a victorious outcome.

**“Scraps From Hither and Yon”:** This column includes snippets from other newspapers or other stories, most of which are humorous quips.

**“Letters of a Freshman”:** Willie Cumthru writes a humorous letter to his Ma informing her that he has had a tough week. He says that all of his teachers of different subjects like chemistry, anthropology, and psychology have different explanations for why he feels out of sorts. He also speaks about trouble with women, and some teasing from “Haze Gory” (Hays Gorey). He concludes by saying that he feels more like a realist than a romantic, and a funny little poem about trash cans. A cartoon of Willie accompanies the article.

**“A Young Man’s ‘Pantsy’ ”:** This short poem written by “Jed” seems to accompany the drawing by Walt Broman titled “Signs of Spring” in which men are staring at women in riding pants. The poem explains that, even though men seem to rule the world, they are actually ruled by women, who have the ability to make men stare at them just by wearing riding pants.

**“The Opinion Forum”:** Harold R. Heath Jr. expresses his dissatisfaction with the election system at the U. He argues that the partisan battles for ASUU positions are drowning out any talk of actual policies, and that the vote will not actually be representative of the student body, as many will not participate. Another student, Frank Keele, writes that he is also disappointed with the election season. As a freshman, Keele had heard for years about the excitement that comes with campaigning, but he has been let down by a lack of effort.

**“Local News”:** This quick article includes a couple of jokes submitted from Bowling Green University, both of which make use of puns and wordplay.

2. A cartoon of a Utah freshman writing a letter accompanies Willie Cumthru’s article “Letters of a Freshman.”
3. A drawing by Walter “Walt” Broman titled “Signs of Spring” depicts two college men looking at two college women as they walk away wearing very tight pants. The men seem to be enthralled by the backsides of the women in the picture, and the women appear to be wearing riding pants, with their legs bowed as if they have just been on horseback.

**“Men Bolster Courage With Activity as Draft Nears”:** This article by “The Gadabouts” (“pleasure-seekers”) discusses what some of the men on campus who are not serving in the military are doing with their time. Milner Dunn, Hays Gorey, Warren Fiorello Maw, Lieutenant Victor Breezy Oleson, Marianne Bailey, Wendell Smoot, and members of the IK were mentioned. The article uses satire to show how relatively frivolous the activities of campus life are when compared to the war.

**“Frats, Tongs Prepare Hectic Weekend as Spring Dawns”:** This article details humorous accounts of the upcoming activities for various fraternities, including Delta Goona, Alpha Chi, Fi Moo, Pi Foo, Sig Nu, Kappa Sig, and Pi Kap. The author states that this article should not be taken seriously, as it mentions events such as a “hill billy party,” “Fi Mew Hoe Down,” and other strange conceptions. A number of students and “honored guests” are listed.

**“Trotters, Official Slate Ride, Meal”:** Joking details of a breakfast event for women and army men to spend time together, although they would rather not. The article jokes that the event will be run by the horse named Sea Cookie if the true man in charge, Corey De Clark, is still in bed.

**“Your Campus Datebook”:** Information about upcoming midterms, elections, assemblies, sporting events, and other happenings on campus.

**“Campus Men View War Fashions With Complacent Stares”:** This article makes fun of men’s fashion wear as seen on one Karl Lorentzen (accompanying photo). The author makes fun of the awful beige color of the suit, the dirt and wear of the ensemble, and the strange “plastic-glass” material of the tie. The article calls the look a “government enforced strip tease” and likens it to a “human monstrosity” while also referencing changes in fashion since before the war.

**“Campaigning Finalists Have Plenty In Common With Newest Planes”:** The candidates for upcoming ASUU elections are compared to model airplanes made for demonstrations and training in the air force. The article mentions Bob Barker, Ed Muir, Clifton Johnson, Bill Hawkins, and many others, and compares each to a unique model, even comparing some to enemy planes.

**“Definition”:** This quip states that a “tommyhawk” is what happens if you go to sleep and wake up without your hair, and explains the reason must be an Indian.

**“A’LA Board”:** This column urges students to show up and vote for ASUU elections. The author encourages people to vote even if they only vote for one position, but warns against voting for multiple candidates for the same position. It also stresses that campaigners should be used to seek information on candidates, in order to make informed opinions based on their merits, but that voters should not be bullied or swayed by those with special interests.

**“Swimming Meet Heads Spring Sports Docket”:** Information about an upcoming women’s swimming meet, but the details seem to be less than official. The article claims that any women who have ever been wet in any way can attend and participate, and that the onlookers will be less than attentive as swimmers display their talents and bathing suits in a local fish pond. Ruth Jacobsen is said to run the event, and a crude joke is made about someone named Robbins handling other matters.

**“Female Activity Post”:** With the caveat “for women only,” this article outlines the open position of activities manager for women on campus. This person apparently handles “all excess wooing” and provides transportation to “spinsters’ sprees” for free. Inquiries are to be made to Beatrice Hogan, Margery Lyon, or Melvina Leatham at the female “grunt and groan emporium.”

**“Cwean Formal”:** The “honorary society for babes” is having a spring formal held by Barbara Coats and Janice Gribble. Attendees include Miss Elizabeth Cary, Myrtle Austin (Dean of Women), and Miss Beulah Smertz.

**“Armstrong to End Gridiron Sessions”:** The Red Cross of Provo has requested that the U and BYU participate in a charity football match, but concrete plans have yet to be made by Ute Coach Ike Armstrong. Participating in this game would cause the coach to change the practice schedule in order to best prepare. The article also details a recent inter-squad and the standout players, including Frank Nelson, Harry McTague, Tally Stevens, Woody Peterson, and George Bettridge, among others.

**“Darkhorse Farmers Challenge Braves in Track Opener”:** Although bad weather has impacted practice ability for the Utah track team, the stars are working hard to perform well at an upcoming meet with the Utah State Aggies and defend their division championship title. The Aggies have lost one of their best athletes, so they are coming with a dark-horse squad. Details are provided of the individual athletes and their events, along with predictions about who will lead in the high jump, hurdles, various dashes, and others.

**“Lack of Official Action May Stop B. Y. - Utah Clash”:** In spite of enthusiasm from the public, the charity football match between BYU and Utah may not come to fruition due to lack of organization. It seems that BYU and Utah are both waiting for someone else to begin making official plans for the game. There are also a great deal of costs to consider, especially the expense of advertising to garner support for such a game in the off-season.

**“Brave Netters Meet Ags in Friday Match”:** Details of an upcoming tennis match with the Utah State Aggies, including information about the players. Utah tennis coach Herald Carlston has been working hard to prepare the team for this event, and while they were able to beat BYU

handily, some of the players are facing struggles. Frank Mehner hasn't been performing as well as usual and Omer Morris is struggling with eligibility, but the team is still hopeful for a victory. Other members of the team are mentioned in reference to their starting positions for the match.

**“Local News”:** A silly story from “Bee Gee News” tells of a man that thinks a parrot must be a man after the bird speaks to him. Another joke from “AMP” tells of a man with a tapeworm that asks for a breakfast of rotten eggs and burnt toast, saying the breakfast is “good enough” for the worm.

**“Cross-Country Slated”:** U Day Chairman Larry Weiler announced that a cross-country run will be held along with the day's other events, including an intramural meet and the sorority relays. While cross-country has been officially recognized for years, the event was not included previously for lack of interest. The winner of this event will receive a varsity sweater.

**“Redskin Gridders Eager For Proposed Football Tilt”:** While official plans for this charity game are not moving forward very rapidly, the Utah players are very much excited for the opportunity to practice their game and potentially settle the score after finishing last season with a tie against BYU. Even though some members, such as captain Burt Davis, Woody Peterson, and Billy Han shared qualms about the team not being in their best position, many of the members and the coach are still willing to participate in the game for the fun, as well as the good experience for the upcoming season.

**“Softball Tops I-M Schedule”:** Details of the final intra-mural plays of the season, focusing on softball, swimming, and horseshoes. The article primarily focuses on the fraternities that are competing in the various competitions, such as Phi Delta Theta in swimming and Kappa Sigma, Pi Kappa, Pi Beta, and Sigma Chi in softball.

**“Ute Marksmen Shoot 1377 in National Meet”:** The results of the National Field Artillery championship show Utah to be in good standing to win, continuing a streak of three years. The team's coach, Sergeant William Ebelt, has brought many teams this kind of success, and this will be his final year at the U. The impressive individual scores of Dick Stillman, Sherrel Overson, L. J. Neeleman, Burnell Fowler, and Harold Freeze are also recorded.
